

ECO OCTOBER ACTIVITIES FOR THE YEAR 2022

As per the activity allotted for the month of October 2022, we the Mission Partners of Mysore Unit divided the activity into 3 parts. Firstly, we took up the activity to save water where the Eco club group of the High School gave awareness to the children to close the tap, to use limited water, saving water by rain harvesting etc.

The next activity was done at St. Antony's Home where 32 girls took part in it. We gathered them in the garden explained to them about the importance of gardening and the relationship between nature and the human being, God and human being. We prepared three plots by tilling the ground, cleaned up the place and sown the seeds. The children were very happy to play in the mud. It was very pleasant to see them playing in the garden which were prepared.

The students of kannada medium were given awareness by Mrs. Janet to 'Say no to plastic' and the importance of nature, water, plants and trees. They also enacted the skit to create awareness of the same.

TOBER ACTIVITIES FOR THE YEAR 2022

As per the activity allotted for the month of October 2022, we the Mission Partners of Mysore Unit divided the activity into 3 parts. Firstly, we took up the activity to save water where the Kannada medium girls with the help of Mrs. Janet to give awareness to the children to close the tap, to use limited water, saving water by rain harvesting etc. They also enacted a skit. The next activity was done at St. Antony's Home where 32 girls took part in it. We gathered them in the garden explained to them about the importance of gardening and the relationship between nature and the human being God and human being. We prepared three plots by tilling the ground, cleaned up the place and sowing the seeds. The children were very happy to play in the mud. It was very pleasant to see them playing in the garden which were prepared. The Eco club group of the High School has regular activity by giving the awareness of 'Say no to plastic' and the importance of nature, water, plants and trees. They also enacted the skit to create awareness among the students.
