

## Report of November Activity – 2022

### Good Shepherd Convent, Alangar

### Moodbidri, Activism Be the Change

**Prajna counseling center**

**Ms.Hilda Rayappa**

In the month of November sisters from Alangar community along with the Mission partners has gone to visit the Prajna Counseling center run by the lay person Ms. Hilda Rayappa. This institution began in the 1996 by Ms. Hilda Rayappa and in Moodbidri it came to existence around 25 years ago.

At present in this counselling center around 75 children are living from age 5 years to 18 years. During our visit to that agency we studied in detail about the condition of those children and the vision and mission of that agency. Our visit to that center mad those staffs and children happy. We had the opportunity of encountering with the staffs working there. The children come from CWC and they are from different places, districts and states.

Our main purpose of visiting that agency is to reach out them in their needs if any through introducing through some charitable trusts that are existing at Moodbidri. We had spent out time with the children started with prayers conducted by our partners in mission and had a friendly chat with the children also the staffs showed us the facilities that they have for the students and the facilities that they are lacking.

At the end of our conversation Sr. Angeline thanked the Staffs and children for their hospitality and warm welcome.
